Index to Volume 60

Adair, Linda S. Birth characteristics of Filipino infants 319–339
Adolescent growth in stature of Sinhalese males 000
Aerobic fitness in Samoan men 000
Age patterns of breast-feeding in Africa and the United States share a common functional form 461–474
Aldwin, Carolyn M. Measures of poor early growth 435–451
Allen, Gordon, Genetic drift inferred from surnames 639–653
Altitude and reproduction of Japanese in Bolivia 000
Anthropometric characteristics: for elderly subjects 587–596; of immigrant children 623–638
Arrieta, M.I. Digital dermatoglyphic patterns in Basques 191–204; Hand clasping and arm folding: 000

Baer, A. Elliptocytosis, malaria, and fertility in Malaysia 000
Baumgartner, Richard N. Tracking of fat pattern indices in childhood 549–567
Beekman, D. Drug Use, hypoxia and cold 663–677
Behavioral effects of chronic sublethal dietary cyanide in an animal model 597–614
Bemben, Skinfold equations for estimation of body fatness in children and youth 709–723
Bener, A. Correlation coefficients for growth measurements 341–349
Bhattacharya, S.K. West Bengal blood pressure 69–79
Bias in estimation of inbreeding coefficient and probability of origin of genes 000
Bindon, James R. Feeding patterns and growth of Samoan infants 80–92
Birth weight, maturity and proportionality in Filipino infants 319–340
Blair, Steven N. Central versus peripheral obesity and CHD risk factors 111–122
Blood pressure in a rural West Bengal fishing population: an epidemiologic profile 69–79
Blood pressure, urinary sodium/potassium ration and body mass index in rural and urban populations in West Java 263–272
Body proportions in three ethnic groups: children and youths 2–17 years in NHANES II and HHANES 205–222
Body weight, blood pressure and the risk of total and cardiovascular mortality in an obese population 417–433
Boileau, R.A. Skinfold equations for estimation of body fatness in children and youth 709–723
Book Reviews, 179–187; 351–359; 507–517; 655–659; 000–000
  Alexander, Richard D. The biology of moral systems (reviewed by Richard P. Cincotta) 000
  Barash, David, The hare and the tortoise, Culture, biology and human nature (reviewed by Stephen P. Nawrocki) 000
  Bowler, Peter J. Theories of human evolution. A century of debate, 1844–1944 (reviewed by Frank Spencer) 353–355
  Cartmill, Matt, William L. Hylander, and James Shafland, Human structure (reviewed by Thomas M. Greiner) 358–359
  Cold Spring Harbor symposia on quantitative biology, molecular biology of homo sapiens (reviewed by C.G.N. Mascie-Taylor) 512–513
  Danker-Hopfe, Heidi, Die sakulare Verangerung des Menarchealters in Europa (reviewed by Joachim Richter) 351
  Dawkins, Richard, The blind watchmaker. Why the evidence of evolution reveals a universe without design (reviewed by Brian D. Corner) 355–358
  DeRousseau, C. Jean, Osteoarthritis in Rhesus monkeys and gibbons: a locomotor model of joint degeneration. Contributions to Primatology Vol. 25 (reviewed by Thomas M. Greiner) 000
  Edelstein, Stuart J. The sickled cell: from myths to molecues (reviewed by Daniel E. Brown) 509–510
  Ferembach, Denise, Charles Susanne and Marie-Claude Chamla, L'Homme son Evolution sa Diversité: Manuel d'Anthropologie Physique (reviewed by Claude Bouchard and Robert M. Malina) 352–353

Fomon, Samuel J. and William C. Heird (eds.) Energy and protein needs during infancy (reviewed by Michael A. Little) 516–517
Fortune, R. (ed.) Cicumpolar health 1984. Proceedings of the Sixth International Symposium on International Health (reviewed by M.H. Crawford) 000
Hillson, Simon, Teeth. Cambridge Manuals in Archaeology Series (reviewed by John R. Lukacs) 185–187
Human Kinetics Videos, Measuring body fat using skinfolds (reviewed by Michael A. Little) 000
Johnston, Francis E. (ed.) Nutritional anthropology (reviewed by Michael A. Little) 507–508
Katchadourian, Herant, Fifty. Midlife in perspective (reviewed by Michael Al Little) 513–514
Kevles, Daniel J. In the name of eugenics. Genetics and the uses of human heredity (reviewed by C.G.N. Macie-Taylor) 510–511
Lancaster, Jane B., Jeanne Altmann, Alice S. Rossi, and Lonnie R. Sherrod (eds.) Parenting across the life span. Biosocial dimensions (reviewed by Katherine A. Dettwyler) 180–182
Lewin, Roger, Bones of contention. Controversies in the search for human origins (reviewed by Michael A. Little) 516
Lowman, Timothy G., Alex F. Roche and Reynaldo Martorell (eds.) Anthropometric standardization reference manual (reviewed by Michael A. Little) 960–961
Miall, W.E. and Gillian Greenberg, Mild hypertension. Is there pressure to treat? (reviewed by Michael A. Little) 514–515
Norgan, N.G. (ed.) Human body composition and fat distribution (reviewed by Michael A. Little) 515
Oxnard, Charles E. Fossils, teeth and sex. New perspectives on human evolution (reviewed by G. Philip Rightmire) 511–512
Popkin, Barry M., Tamar Lasky, Judith Litvin, Deborah Spicer, and Monica E. Yamamoto, The infant feeding triad: infant, mother, and household (reviewed by Robert E. Jones) 000
Roberts, D.F. and G.F. De Stefano (eds.) Genetic variation and its maintenance with particular reference to tropical populations (reviewed by Dennis H. O'Rourke) 000
Rowell, Loring B. Human circulation. Regulation during physical stress (reviewed by Gary D. James) 179–180
Rutenfranz, J., R. Mocellin and F. Klimt (eds.) Children and exercise XII. International Series on Sport Sciences, Volume 17 (reviewed by Robert M. Malina) 183–184
Saksena, Sudha Srikrishen, Geoffrey F. Walker, David Bixler and Pao-Lo Yu, A clinical atlas of roentgenocephalometry in norma lateralis (reviewed by William S. Pollitzer) 184–185
Sapp, Jan, Beyond the gene. Cytoplasmic inheritance and the struggle for authority in genetics (reviewed by Alan R. Rogers) 000
Serjeant, Graham R. Sickle cell disease (reviewed by Daniel E. Brown) 509–510
Woolfe, Jennifer A. (with contributions from Susan V. Poats) The potato in the human diet (reviewed by Michael A. Little) 514
Borkan, Gary A. Measures of poor early growth 435–451
Borrie, M.J. Anthropometric measurements for elderly subjects 587–596
Bradshaw, M.K. Feeding mode and anthropometric changes in primiporas 251–261
Brehme, H. Palmar Interdigital ridge counts in Turner Syndrome 453–460
Brittain, Ann W. Parental choice and infant mortality 679–692
Brown, T. Morphology of crania from Israel 55–68

Byard, P.J. West Bengal blood pressure 69–79

Cabrera, Claudina, Feeding patterns and growth of Samoan infants 80–92
Campbell, A.J. Anthropometric measuresments for elderly subjects 587–596
A canonical analysis of central versus peripheral subcutaneous fat and CHD risk factors in men and women aged 18–65 years 111–122
Castillo, R.O. Body proportions in three ethnic groups 205–222
Cazes, M.H. Bias in estimation of inbreeding coefficient and probability of origin of genes 000
Cervantes, Cecilia, Tubular bone alterations in familial short stature 151–165
Chronology of enamel hypoplasias in an industrial population: a reappraisal of Sarnat and Shoer 781–791

Chumlea, Wm. Cameron, Serial changes in stature and weight 000–000
Clark, George A. Assessment of transverse lines 283–291; Measures of poor early growth 435–451
Classification of European populations based on gene frequencies and cranial measurements: a map quadrant approach 801–824
Collins, M.A. Prediction of body density in blacks and whites 135–149
Comparison of body size and form among ethnic groups of active duty United States Army men and women referred to a weight control program 579–585
Comparison of height growth curves among girls with different ages of menarche 33–41
Corlett, J.T. Strength development of Tswana children 569–577
Correlations for growth measurements 341–349
Craniofacial morphology of two skeletal populations from Israel 55–68
Crews, Douglas E. Cardiovascular mortality in an obese population 417–433
Cureton, Kirk J. Prediction of body density in blacks and whites 135–149
Curland, Jeffrey A. Parental choice and infant mortality 679–692

Darlu, P. Bias in estimation of inbreeding coefficient and probability of origin of genes 000
Decker, Michael, Changes in body fat distribution and fatness in children and youth 709–723
Decrease in human skull size in the Holocene 395–404
Demirkol, Mubeccel, Ocular and periorbital anthropometry in the newborn 11–21
Dental development in protein deprived Rhesus monkeys 383–394
Derish, Pamela A. Classification of European populations 801–824
Determinants of growth during early infancy 237–249
Determination of stress episode duration from linear enamel hypoplasias 93–110
Developmental relationships between body inertia and joint torques 693–707
Digital dermatoglyphics: patterns in Basques 191–204; sex differences and 191–204
Drug use at high altitudes and in cold climates 663–677
Dugan, N.L. Body composition of spinal injured subjects 771–780

Effect of altitude on the stature, chest depth and forced vital capacity of low-to-high altitude migrant children of European ancestry 23–32
Elliptocytosis, malaria, and fertility in Malaysia 000–000
Enamel hypoplasia: chronologies 781–791; and stress episode duration 93–110
Ertugral, Turkan, Ocular and periorbital anthropometry in the newborn 11–21
Estimation of correlation coefficients for growth measurements under age-grouping 341–350
Estimation of kinship and genetic distance from surnames 475–492

Feeding mode and anthropometric changes in primiparas 251–261
Fertility and mortality differentials among the tribal population groups of Bastar district, Madhya Pradesh, India 407–416
Florack, E.I.M. Determinants of growth during early infancy 237–249
